

## **Graphic Design Course Outline for 2006**

The following Outline is a week-by-week course outline of the modules as covered in class with 2KO International in Cape Town.

### **Graphic Design Computer Packages Used on Course**

- Macromedia Fireworks 8
- Adobe Photoshop CS2
- Corel Draw Suite 13
- Portfolio Creation

This one week course is a hands-on practical experience and after completion you will be able to create a fully completed portfolio.

### **What the course includes:**

#### **Outline: Introducing you to the world of graphics (1 day)**

Creating and altering standalone graphic formats.

Planning and constructing images in applications like

Corel draw and Photo shop.

Image cropping and blending.

Introduction to Video Production and Animation:

Methods and Technologies

Overview of 2D and 3D animation technologies:

Macromedia Flash, After Effects, 3D Shockwave.

Overview of video editing and special effects technologies:

After Effects, and Photoshop.

Introduction to current technologies: video standards, streaming video and special effects

Scoping new project outlines project formats

At the end of this 1 day introduction you will be able to scope and plan imagery in most graphics software applications

#### **Corel Draw 13 (1 day)**

Learn how to design your own images, logos, altering existing images and photo formats in Corel Draw.

Prepare images for multimedia design.

Corel Draw paint:

Overlap, crop and blend textures.

Blend colours and backgrounds.

Creating 3D textured text and animated logos.

#### **Photoshop CS2: (2 days)**

Editing and managing your photographs, Photoshop is the right application for you.

Create original images or modify photos using a full assortment of painting, drawing, and retouching tools.

Explore the endless possibilities of digital imaging with solutions tailored for your unique needs.

Whether you're a digital imaging novice, enthusiast, or professional, work with software that lets you create without limits, get more done quickly and easily, and always achieve high-quality results. After this course you will be able to change the way you look at photo imagery.

### **Macromedia Fireworks 8: (1 day)**

Do you want to create you own animations, then this for you! Create and control flash movies with different graphic formats.

Incorporate sound, buttons and layers with your animations.

Create 3-D animations in scenes and movie optimization. After this course you will be able to have your own animations on site.

This one week intensive course is designed to provide trainees who have little or no video and animation experience with the skill set to pursue a career in the industry. Students will develop a full understanding of all of the industry standard technologies: 3D- Shockwave and Director MX 2004 as well as learn to create their own 3D animations and videos. In addition to the software training that the course provides, students will also learn the key job-related areas of storyboarding, technical issues and theory as well as video capturing and time-lining clips.

At the end of the course the students will have developed their own animation's portfolio and will receive certificates of attendance for Macromedia animations design course and will be in a position to prepare for the Macromedia Certification Exams.

### **Included in the course fee**

- Instructor led training
- Breakfast and lunches (Monday to Friday)
- Certificate of attendance
- Books and CDs
- Course materials and stationery
- Teas and coffees

### **Scheduled Courses**

Dates are scheduled for courses to start on the following Mondays:

**Feb 27 / May 8 / June 12 / Aug 28 / Oct 30**

Additional dates may be scheduled so please check our schedule page on our web site

### **Pre-Requisites**

In order to enrol on this course, you need to (at very least) be able to use a computer to type a letter, use the internet.

## **Course Fees**

The fee for this one week course is R4200. This excludes accommodation and exams are also not included.

## **Class Times and Location**

Class Times: Monday to Friday 8:30am to 4pm

Location: Cape Town South Africa

After every Graphic Design course, there is a computer animation course which usually compliments this course, and most students elect to do the two courses back to back, to enhance their design and creativity portfolio of skills. See **Computer Animation** Course or write to [tizya@2ko.co.za](mailto:tizya@2ko.co.za) for more details.

## **Accommodation for Residential Courses**

For out of town students requiring accommodation, accommodation is available at a rate of R315 per night. Standard accommodation is in our 2 bedroom, 2 bathroom luxury apartments. Students each have their own room – no sharing of rooms!!!

## **Transport from airport**

We can organize transport to be waiting for you at the airport should you require. Your lift will be waiting and the trip should cost you around R220 for the 30 minute trip from the airport to the Village in Hout Bay.

## **Terms and Conditions**

Please note that prices and dates are subject to change without notice. Quotations are valid for 14 days from the date sent, and are subject to a stable exchange rate. Please confirm course dates before booking. 2KO reserves the right to cancel courses at short notice where there are insufficient numbers to run a course. Bookings are all considered provisional until payment has been received by 2KO. E&OE.
